## 2013 Fresher Guide and Newsletter

Hello to all returning and new members, and to all those considering joining the club. 2012 was a very good year for Unigames, and we are looking forward to 2013 being even better.

This year we will celebrate our 30th anniversary as Unigames, the united gaming club of UWA. We are also celebrating 30 years of not defrauding SOC by pretending to be 2 clubs. Finally we are celebrating our 33rd birthday as a club. Standby for great birthday celebrations. I wish you another fine year of gaming.

# What Does Unigames Do?

Unigames provides a common meeting point for anyone interested in roleplaying, wargaming, board and card gaming.

We provide an air-conditioned club room, in Cameron Hall to hang out and play in. We also have large tables in the Cameron Hall Loft for when the club room overflows.

**Roleplaying games** are the bread and butter of the club. From DnD to Eclipse Phase our members enjoy a variety of systems. During a busy period there might even be 2 or 3 games played in the club one one night. A great way to join a game, or recruit players for one you are starting is to post on our Facebook page.

**Wargames** come and go in popularity, but there are people around who play weekly games. Warhammer 40K is the most popular, though we have some gear for other systems. Ask around if you are looking for a war.

**Card and Boardgames** are a great way to occupy a spare period between lectures. If the ones in the club room don't take your fancy, we have a whole cupboard more of them.

**Magic: The Gathering**, is like crack for roleplayers, as the saying goes. This would make unigames a crack house. Huge amounts of MtG are played. The official day for Magic, in semester 1 is Thursday.

Last but not least the club room contains our fridge and freeze, r full of the cheapest snacks and food on campus.

# How the Club Works

## Opening the Club Room

Any committee member or gatekeeper may open the club room. A lot of these people spend more time in Cameron Hall than at lectures, so if Unigames isn't open, and you want to get in, try checking if there is someone who can open the room in the Loft, UCC or Unisfa.

## Food

If you would like to purchase food, gatekeepers keep the money box in front of them at the table.

## Magic Cards

Unigames has Magic: the Gathering Cards for sale. Most sets are **\$5/booster**. If you would like to purchase some ask a gatekeeper to open the cupboard .

# Where is Unigames

Unigames is located in Cameron Hall, above the Tav. There are two entrances to Cameron Hall. The main entrance can be got to by walking clockwise around the fenced area of the Tav (away from the Oak lawn) until you get to the side of the Tav. There are then two doors. The one in front of you will be locked. The one to the left is the door to Cameron Hall. Walk up 3 sets of stairs, and you will come to another door, opening into a large area (the top floor of Cameron all).

The fire escape is is the most commonly used route, as it is shorter than the main entrance. Take the path into the service car park after the male toilets in Guild Court yard. Walk towards the river, there is a wooden door in the wall on your left, that is the fire escape exit. Go up to the top of the stairs.

Following either route: Unigames is straight ahead, at the centre of the hallway.

Note If while following these instructions you end up somewhere that you feel like you shouldn't be there, you are going the right way.

This is just a **small subset** of our library. Our full catalogue of over 140 books and games can be viewed online at <http://www.librarything.com/catalog/Unigames>. We also have large amounts of old gaming magazines such as Dragon.

## Borrowing

If you would like to borrow one of our books or games, there are some rules. First make sure no one else is using it, the best way to do this is to ask the Librarian or another committee member, failing that, or if they aren't sure, try posting on our facebook group. Then write down on the white board that you are taking it, and erase the message when you return it. If you aren't taking it out of Cameron Hall this procedure can be skipped. Our dice are not available for lending.

## Getting New Books and Games

Unigames purchases new books and games about twice a semester. Sometimes more often if something good comes out. Unigames is committed to buying any core rulebook that will see play. So if you want to start a game of some flash new system and we haven't got the book, then let committee know, we'll almost defiantly buy it.

For splat books and expansions the club generally asks for a 50% pledge from members. Though this doesn't come to much, for a \$50 book, that is \$5 from each person in your gaming group, and then \$25 from the club.

## Can't Find Something?

Unigames has a lot of stuff. If you can't find something first step is ask the librarian. They'll know if someone has borrowed it, or where it is hidden.

Wargaming and roleplaying books are in the club room.

Terrain is in the lockers upstairs. Some of the house armies are up there too.

Magic cards for sale are in the hall cupboard opposite the club room. The rest of the house armies are on the top shelf here.

Boardgames are in the second hall cupboard. As are all our old magazines, like Dragon.
